Paul Sanford
State Senate District 7, Candidate
Huntsville, Alabama 35801

Dear Paul,

It is with great pleasure that I offer my endorsement to you (Paul Sanford) for the office of Alabama State Senator District 7. During the campaign I had the great privilege of getting to know each of the other 5 candidates and their stand on the issues. As a business owner I believe that the time is now for the Alabama electorate to stand up and demand that business as usual in Montgomery STOP. We have enough lawyers in Montgomery and people controlled by special interests running around messing up the States business. It is time that we take a business approach to the people's business and get the sound financial leadership into the legislature that I know you bring to the table.

As a former candidate I want to vote for a Christian, Conservative, Republican who will take to Montgomery the Republican, Conservative values we represent here in the 7th district and serve the people well both fiscally and socially. I believe you are that type of candidate and I proudly support you as our next State Senator from the 7th District of Alabama.

Sincerely yours,

Arnie Allan Rhodes
